

**THE OFFICE OF ACADEMIC, RESEARCH, INNOVATION
AND STRATEGIC PARTNERSHIPS (ARISP)
AFE BABALOLA UNIVERSITY, ADO EKITI**

RESEARCH AND GRANT OPPORTUNITY

April 2020

In order to promote funded research and active international collaboration by all researchers at Afe Babalola University, Ado Ekiti (ABUAD), The Office of Academic, Research, Innovation and Strategic Partnerships (ARISP) provides this monthly compilation of external funding opportunities including grants, fellowships, awards and prizes.

For further information or requests, please contact: dvc.arisp@abuad.edu.ng

Grants – Health and Life Sciences

TUBEROUS SCLEROSIS ALLIANCE (TS Alliance)

[Research Grants Program](#)

The TS Alliance endeavors to stimulate, support and coordinate research that will lead to a cure for tuberous sclerosis complex (TSC) while improving the lives of those affected. The TS Alliance offers Postdoctoral Fellowships and Research Grants.

Deadline: Letters of Intent by 27 April 2020 (11:59 pm ET)

MORTON CURE PARALYSIS FUND (MCPF)

[Research Grants](#)

MCPF is committed to developing effective therapies for paralysis associated with spinal cord injury and other disorders of the central nervous system. MCPF supports cutting-edge ideas, enabling researchers to gather the proof-of-concept data needed to pursue larger grants.

Deadline: 30 April, 31 October 2020

LUNG CANCER RESEARCH FOUNDATION (LCRF)

[LCRF Research Grant on Disparities in Lung Cancer](#)

LCRF is funding several research projects focused on overcoming disparities in lung cancer. Topics include: race, gender, geography, socioeconomic status, age, and/or other disparities in lung cancer burden; interplay of social, biological, environmental, and/or other risk factors for lung cancer; contribution of healthcare access and quality of care to disparities in outcomes.

Deadline: 1 May 2020

LUPUS RESEARCH ALLIANCE

[Global Team Science Award](#)

This grant will support interdisciplinary, collaborative, and highly synergistic projects that push the boundaries of innovation and bridge research and clinical efforts in lupus. The successful teams will focus on unraveling human lupus heterogeneity by applying cutting-edge technologies to address critical questions that could bring about breakthroughs in lupus care, research or drug development.

Deadline: Letters of Intent due by 1 May 2020

ALTERNATIVES RESEARCH AND DEVELOPMENT FOUNDATION (ARDF)

[Annual Open Grant Program](#)

ARDF's Annual Open Grant Program was established to fund research projects that develop alternative methods to advance science and replace or reduce animal use. Proposals are welcome from any nonprofit educational or research institution worldwide, although there is a preference for U.S. applications in order to more quickly advance alternatives in that country.

Deadline: 1 May 2020

VELUX STIFTUNG FOUNDATION

[Grants](#)

Grants will be awarded to basic or applied research projects in the areas of Daylight, Healthy Ageing or Ophthalmology.

Deadline: 30 April 2020

NATIONAL MULTIPLE SCLEROSIS SOCIETY (NMSS)

[Pilot Research Grants](#)

The focus should be on studying the effects of aging on multiple sclerosis (MS). The goal is to advance understanding of how aging contributes to the pathogenesis and natural history of MS progression and to use this knowledge to reveal potential targets and develop strategies that slow down or stop disability progression.

Deadline: 4 May, 14 September 2020 (5:00 pm ET)

FRIEDREICH'S ATAXIA RESEARCH ALLIANCE (FARA)

[Bronya J. Keats Collaboration Award](#)

Proposals should focus on FA research that relies on international collaboration among investigators in at least two different countries. Special consideration will be given to proposals that bring new scientists to the FA community.

Deadline: Letter of Intent by 15 May 2020

FRIEDREICH'S ATAXIA RESEARCH ALLIANCE (FARA)

[Kyle Bryant Translational Research Award](#)

FARA accepts Letters of Intent focusing on pre-clinical and clinical investigations that will advance treatments for FA.

Deadline: Letter of Intent by 15 May 2020

ANGELMAN SYNDROME FOUNDATION, INC. (ASF)

[Call for Proposals](#)

Highest priority will be given to pilot projects to test new ideas about pathogenesis and therapeutics of Angelman syndrome, translational research and clinical research studies. Of interest to the ASF are studies related to communication, behavioral issues and identification of issues and treatments that impact the daily life of people with Angelman syndrome and their families.

Deadline: 15 April, 15 October 2020

ALZHEIMER'S DRUG DISCOVERY FOUNDATION (ADDF)

[Drug Development Program](#)

The goal of this RFP is to develop therapeutics for Alzheimer's disease and related dementias. The focus is on building preclinical evidence in animal models and on advancing lead molecules to the clinical candidate selection stage.

Deadline: Letter of Intent by 10 April, 10 July, 9 October 2020 (5:00 pm ET)

[Prevention Beyond the Pipeline](#)

Supports comparative effectiveness research, prevention clinical trials and epidemiological studies that probe whether the use/choice of drugs alters the risk for dementia or cognitive decline. Funding priorities: consortium of cohorts for Alzheimer's prevention action; comparative effectiveness research; cognitive decline and cognitive reserve.

Deadline: Letter of Intent by 10 April, 10 July, 9 October 2020 (5:00 pm ET)

[Neuroimaging and CSF Biomarker Development Program](#)

This call supports the development of cerebrospinal fluid (CSF) and neuroimaging biomarkers for which there is a clear clinical need in Alzheimer's disease and related dementias. Novel biomarkers of neuroinflammation and synaptic integrity are considered high priority.

Deadline: Letter of Intent by 10 April, 10 July, 9 October 2020 (5:00 pm ET)

[Target Validation Pathfinder Grant](#)

This scheme provides funds for small, translational research projects that show potential for an application to the Dementia Consortium or collaboration with the ARUK Drug Discovery Alliance.

Deadline: 15 April, 11 November 2020

FANCONI ANEMIA RESEARCH FUND (FARF)

[Research Grants](#)

FARF seeks to fund interdisciplinary and translational research efforts that will lead to rapid discovery and development of therapies or strategies that treat, control or cure Fanconi anemia.

Deadline: Investigators are invited to submit Letter of Intents at any time. Full proposals will be by invite only.

BHD FOUNDATION (BIRT-HOGG-DUBÉ SYNDROME)

[Research Grants](#)

Successful research projects need to meet one or more of the following criteria: i) advanced understanding of the molecular and cellular biology of the Folliculin protein; the clinical manifestation/biology of BHD syndrome and/or the epidemiology of BHD syndrome; ii) maximizing the benefits of current research; iii) working towards technological innovation in therapeutics.

Deadline: Pre-proposals should be sent to the foundatiXCon (there are no specific deadlines).

MERCK

[Biopharma Speed Grant](#)

Pre-clinical researchers in the fields of oncology, immuno-oncology, autoimmune disorders and drug discovery technologies are invited to apply to this fast funding program.

Deadline: If the application is successful, grant funding will be made available within three weeks of the submission. There are no specific deadlines.

DUTCH FSHD FOUNDATION

[Research Grants](#)

The FSHD (Facioscapulohumeral muscular dystrophy) Foundation supports solid scientific research into the causes of FSHD, in order to find treatments and develop solutions that help improve patients' quality of life. The FSHD Foundation provides grants for research projects meeting the goals stipulated by the foundation.

Deadline: Applications may be submitted at any time; there are no deadlines.

A KIDS' BRAIN TUMOR CURE FOUNDATION

[A Kids' Brain Tumor Cure \(AKBTC\) Research Grant](#)

Proposals related to basic and translational projects that can advance understanding of the underlying biology of the development and treatment of PLGA (Pediatric Low Grade Astrocytomas) tumors will be considered. Investigators in the early years of their careers are encouraged to apply.

Deadline: Investigators are invited to submit a letter of intent at any time throughout the year.

A-T SOCIETY

[Financial Support](#)

Supports research into Ataxia-Telangiectasia (A-T) including both direct financial support and that provided by other means (organizing and supporting conferences/meetings, sharing information, administrative support).

Deadline: Anyone considering submitting a grant application can contact A-T Society for an initial discussion.

F. HOFFMANN-LA ROCHE LTD - GENENTECH

[Scientific Project Support](#)

Provides funding for general research, translational research, other research or development projects, and/or other initiatives of research organizations, labs and academic institutions. Research projects must focus on several types of cancer, multiple sclerosis, hemophilia, etc.

Deadline: Applications can be submitted anytime during the year (the system will re-open on 2 January 2020).

MERCK SHARP & DOHME CORP. (MSD)

[Merck Investigator Studies Program \(MISP\)](#)

To advance science and improve patient care through the provision of drug/vaccine and/or total/partial funding, by supporting high-quality research that is initiated, designed, implemented and sponsored by external investigators.

Deadline: No specific deadline; the committee meets regularly.

PARTNERSHIP FOR CLEAN COMPETITION (PCC)

[Micro-Grants Program](#)

The PCC Micro-Grants Program was developed to quickly fund high quality projects which fill immediate gaps in anti-doping knowledge.

Deadline: Requests are accepted year-round and may take as little as one week to approve.

A FOUNDATION BUILDING STRENGTH (AFBS)

[Building Muscle Initiative Research Grant](#)

This grant aims to advance the science of treating Nemaline Myopathy, ultimately laying the groundwork for the development of commercially available treatments for these diseases.

Deadline: Send a summary of the concept targets prior to applying so that the grantor can provide early feedback about their current strategic direction.

JEFFREY MODELL FOUNDATION

[Specific Defect Research Program](#)

The program supports research to study the mechanisms and presentation of specific defects of the immune system, leading to a better understanding of the conditions and their impact on overall health outcomes.

Deadline: Applications are accepted and reviewed on a rolling basis, so you may apply at any time.

ME RESEARCH UK (MERUK)

[Research Grants](#)

MERUK's priority is novel clinical and biomedical studies that help to unravel the biology of Myalgic Encephalomyelitis (ME)/Chronic Fatigue Syndrome (CFS), and studies that may point towards therapeutic strategies. Applications for pilot studies or seed-corn projects, including those which seek support for consumables rather than staff costs, are particularly welcome.

Deadline: Researchers can send a summary of their research project on a MERUK application form, allowing MERUK to give an opinion about its suitability and feasibility, without requiring submission of a full application.

REFLEX SYMPATHETIC DYSTROPHY SYNDROME ASSOCIATION (RSDSA)

[Research Grants](#)

RSDSA Research Grants are available to support basic or clinical research relevant to the understanding and/or treatment of Complex Regional Pain Syndrome (CRPS), also known as Reflex Sympathetic Dystrophy and Causalgia. There is an emphasis on funding clinical research.

Deadline: RSDSA welcomes letters of inquiry regarding possible research projects throughout the year

CHDI FOUNDATION (CURE HUNTINGTON'S DISEASE INITIATIVE)

[Academic Proposals](#)

Proposals should align with the major focus areas of the foundation, each of which circumscribes a particular aspect of Huntington disease's biology and/or an approach to advancing associated targets,

mechanisms and therapeutic candidates: HTT (Huntington gene) Lowering, HTT Structure and Function, Neuronal Dysfunction, Stem Cells and Regenerative Medicine, Unbiased Systems-Based Approaches and DNA Handling and Repair.

Deadline: CHDI does not have a research proposal submission cycle. If you would like to apply for research funding from CHDI, please submit a short summary of your proposal to CHDI.

DIAMOND BLACKFAN ANEMIA FOUNDATION, INC. (DBAF)

[DBAF Research Grants](#)

DBAF aims to advance research initiatives that promote a better understanding, therapeutic strategies and a cure for Diamond Blackfan Anemia (DBA), a rare bone marrow failure syndrome. DBAF Research Grants are available for research contributing to the development of a clearer understanding of DBA.

Deadline: Grant proposals may be submitted at any time throughout the year.

Grants – ICT, Math, Physics and Engineering

AMAZON

[AWS Cloud Credits for Research Program](#)

Aimed at supporting new projects that seek to build a cloud-hosted service, software, or tools; and/or seek to migrate a research process or open data to the cloud.

Deadline: 30 June, 30 September, 31 December 2020

MICROSOFT

[Azure Compute Grants](#)

For those who already have access to a labeled dataset and are ready to start using Azure AI tools and cloud computing, this grant provides Azure compute credits. The project proposal needs to describe the environmental challenge addressed, the datasets used for analysis, the technical solution proposed, and its potential impact.

Deadline: Proposals are accepted on a rolling basis and reviewed four times a year (6 April, 6 July, 5 October 2020 - 11:59 pm PT).

DIGITAL SCIENCE

[Catalyst Grant](#)

This fund nurtures innovative research software ideas and welcomes original and early stage software ideas that help benefit scientific research.

Deadline: 30 June, 31 December 2020

SIMONS FOUNDATION

[Targeted Grants in Mathematics and Physical Sciences \(MPS\)](#)

The program is intended to support high-risk theoretical mathematics, physics and computer science projects of exceptional promise and scientific importance on a case-by-case basis.

Deadline: Rolling (no letter of intent deadline)

MOZILLA

[Mozilla Open Source Support \(MOSS\) Awards Program](#)

MOSS awards are available in multiple tracks: Track I Foundational Technology; Tracks II & IV Global Mission Partners; Track III Secure Open Source Fund.

Deadline MOSS applications are accepted on a rolling basis and are reviewed monthly.

COMCAST

[Innovation Fund](#)

Supports research that is of mutual interest to Comcast and the research community. It also provides funding to support open source software development.

Deadline: Grants are awarded on a rolling basis throughout the year, so applications can be submitted at any time.

Grants – Energy and Environment

ENVIRONMENTAL RESEARCH & EDUCATION FOUNDATION (EREF)

[Research Grants](#)

These grants cover the high priority research topic of residential recycling to support the long-term needs and strategic direction of the solid waste field.

Deadline: Two deadlines per year for pre-proposals (1 May, 1 December). Pre-proposals will be accepted starting 15 days prior to the deadline date and up to 5:00 pm ET on the deadline date. Proposals must be received during this window to be considered. If any of the above dates fall on a Saturday or Sunday then the deadline will be the Monday following the due date.

11TH HOUR RACING

[Ocean Health Grants](#)

11th Hour Racing seeks to advance innovative projects that improve the health of our oceans and address the dynamic environmental challenges facing the sailing and coastal communities.

Deadline: 31 January, 1 June 2020

WAITT FAMILY FOUNDATION

[ROC Small Grants](#)

The Rapid Ocean Conservation (ROC) Grants Program provides small grants with a quick turnaround time for solutions to emerging conservation issues. Grants will fund projects related to the Waitt Foundation mission of supporting sustainable fishing and marine protected areas.

Deadline: The funding cycle is open to new applications. There are no deadlines for applying. Proposals are reviewed monthly on a rolling basis.

Grants – Humanities, Law, and Social Sciences

SPENCER FOUNDATION

[Small Research Grants](#)

This fund aims to support smaller scale or pilot research projects contributing to the improvement of education, broadly conceived. The goal of the program is to support rigorous, intellectually ambitious and technically sound research.

Deadline: 1 July, 3 November 2020

The Law Foundation

[Information Law & Policy Project](#)

Applications for legal research grants, general law grants and Information Law & Policy Project grants, will be considered from institutions, organizations and individuals for projects or research that are in keeping with the principles that guide Law Foundation funding decisions.

Deadlines for grant applications until the Foundation goes into recess are:

Legal Research and General Law grants: 5pm on Friday 31st July 2020.

WILLIAM T. GRANT FOUNDATION

[Institutional Challenge Grant](#)

The Institutional Challenge Grant encourages university-based research institutes, schools, and centers to build sustained research-practice partnerships with public agencies or nonprofit organizations in

order to reduce inequality in youth outcomes. Applications are welcome from partnerships in youth-serving areas such as education, justice, child welfare, mental health, immigration, and workforce development. The funder encourages proposals from teams with African American, Latino, Native American, and Asian American members in leadership roles. The partnership leadership team should include the principal investigator from the research institution and the lead from the public agency or nonprofit organization.

Deadline: The online application will open in early-June 2020. The application deadline is September 10, 2020, 3:00 PM EST

Harry Frank Guggenheim Foundation

[The Research Grant](#)

The foundation welcomes proposals from any of the natural and social sciences and the humanities that promise to increase understanding of the causes, manifestations, and control of violence and aggression. Highest priority is given to research that can increase understanding and amelioration of urgent problems of violence and aggression in the modern world. Questions that interest the foundation concern violence and aggression in relation to social change, intergroup conflict, war, terrorism, crime, and family relationships, among other subjects. Research with no relevance to understanding human problems will not be supported, nor will proposals to investigate urgent social problems where the foundation cannot be assured that useful, sound research can be done. Priority will also be given to areas and methodologies not receiving adequate attention and support from other funding sources.

Deadline: 1st August 2020

GERDA HENKEL FOUNDATION

[General Research Grants: Research Projects](#)

Support is primarily provided for the historical humanities, in particular to support research projects in the fields of Archaeology, Art History, Historical Islamic Studies, History, History of Law, History of Science, Prehistory, and Early History.

Deadline: 27 May 2020

Grants – Multi-Discipline, Others

NATIONAL CENTER FOR RESPONSIBLE GAMING (NCRG)

[Center of Excellence in Gambling Research Grant](#)

The purpose of this funding mechanism is to advance understanding of gambling disorders through innovative, multi-disciplinary research investigations. The center grants provide funding for a stable, long-term institutional focus on a complex set of gambling-related problems requiring an innovative, multi-disciplinary approach.

Deadline: Letter of Intent by 1 June 2020

DIGITAL SCIENCE

[Catalyst Grant](#)

This fund nurtures innovative research software ideas and welcomes original and early stage software ideas that help benefit scientific research.

Deadline: 30 June, 31 December 2020

MICROSOFT

[AI for Earth Grant](#)

This program supports projects on Artificial Intelligence (AI) that address four areas that are vital for building a sustainable future: Agriculture, Biodiversity, Climate Change and Water.

Deadline: Proposals are accepted on a rolling basis and reviewed four times a year (6 April, 6 July, 5 October 2020 - 11:59 pm PT).

BAYER AG

[Bayer Partnering in Crop Science \(CS\)](#)

One of the top priorities for the Bayer Crop Science Division is to develop tailored solutions for farmers that are affordable and sustainable for agricultural practice. The aim is to impact the whole food value chain by providing consumers with transparency on the technologies used to produce their food.

Deadline: No submission deadlines. Please apply any time.

FRITZ THYSSEN FOUNDATION

[Research Stipends](#)

This instrument supports highly qualified individual junior scholars that have doctoral degrees in a research project over a limited period. An application can be filed in the following areas of support:

History, Language and Culture; The Interdisciplinary Field of “Image–Sound–Language”; State, Economy and Society; Medicine and the Natural Sciences. Funding is reserved for projects that are related to the promotion areas of the foundation and have a clear connection to the German research system.

Deadline: Applications for stipends can be submitted at any time. An answer is generally provided within eight weeks.

IBM

[World Community Grid](#)

Projects in the following disciplines will be run on the World Community Grid: new and existing infectious disease research; natural disasters and hunger; environmental research.

Deadline: Proposals submitted by research organizations will be reviewed on a quarterly basis.

TECHNOLOGY, ENTERTAINMENT, DESIGN (TED)

[The Audacious Project](#)

Every year, the Audacious Project works with proven change-makers to bring to the fore their best, boldest ideas for tackling global problems. The big ideas that are part of The Audacious Project vary widely - from global health to ocean exploration to social justice to education.

Deadline: Submissions are reviewed on a rolling basis and the link will stay open all year.

Prizes and Awards

HUMAN FRONTIER SCIENCE PROGRAM ORGANIZATION (HFSP)

[HFSP Nakasone Award](#)

The award recognizes achievements in scientific excellence that have moved the frontiers of knowledge in biology. The award is for a particular discovery or set of discoveries. It is not a lifetime achievement award. Areas have traditionally ranged from molecular and cellular approaches to biological functions to systems neuroscience including cognitive functions. However, all levels of complexity involving mechanisms of biological phenomena or the interactions between organisms will be considered.

Deadline: 24 April 2020

FRANKLIN INSTITUTE

[Bower Award and Prize for Achievement in Science](#)

The Franklin Institute seeks nominations of individuals who have made significant contributions to the scientific understanding of decision-making. The interdisciplinary field of decision-making integrates theory and methods from economics, psychology, neuroscience, computer science, and related areas to understand the mechanisms through which individuals and groups choose among competing possibilities and how these mechanisms guide behavior.

Deadline: 31 May 2020

BOEHRINGER INGELHEIM FOUNDATION

[2021 Heinrich Wieland Prize](#)

This prestigious award honors outstanding research on biologically active molecules and systems in the fields of chemistry, biochemistry, and physiology as well as their clinical importance.

Deadline: 1 June 2020

SOCIETY FOR NEUROSCIENCE (SFN)

[Julius Axelrod Prize](#)

The Julius Axelrod Prize honors a scientist with distinguished achievements in the broad field of neuropharmacology (or a related area) and exemplary efforts in mentoring young scientists.

Deadline: 5 June 2020 (5:00 pm EDT)

GRIFOLS S.A.

[Grifols Scientific Awards](#)

Grifols is committed to promoting scientific research as the cornerstone of a process that will lead to better health and quality of life. Grifols grants these scientific awards to encourage and reward innovative solutions in the widest sense, by supporting researchers around the world who focus their efforts and contribute to progress in health sciences.

Deadline: Please check the link for the list of Grifols awards and how to apply.

THRASHER RESEARCH FUND

[E.W. "Al" Thrasher Awards](#)

The purpose of the E.W. "Al" Thrasher Awards is to improve children's health through medical research, with an emphasis on projects that have the potential to translate into clinically meaningful results within a few years.

Deadline: Concept Paper Submission on a rolling basis. The fund awards grants twice a year.

WELLCOME TRUST

[Innovator Awards](#)

These awards support researchers who are transforming great ideas into healthcare innovations that could have a significant impact on human health.

Deadline: Researchers can apply online at any time. Shortlisting meetings are held every three months.

Fellowships/Scholarships/

JOHN TEMPLETON FOUNDATION

[Academic Cross-Training \(ACT\) Fellowship](#)

This fellowship seeks to equip recently tenured philosophers and theologians with the skills and knowledge needed to study 'Big Questions' that require substantive and high-level engagement with empirical science.

Deadline: Letter of Intent by 1 May 2020

UNTINGTON'S DISEASE SOCIETY OF AMERICA (HDSA)

[HD Human Biology Project](#)

The Human Biology Project was launched with the goal of fostering innovative research in collaboration with HD clinics to better understand the biology of Huntington's Disease (HD) as it occurs in humans. HDSA encourages researchers to consider one of HDSA's 50 centers of excellence as a potential collaborator, but applicants may propose to work with any HD clinic around the world.

Deadline: Letter of Intent by 22 May 2020

GERDA HENKEL FOUNDATION

[Research Scholarships](#)

Support is primarily provided for the historical humanities, notably to research projects focused on archaeology, art history, historical Islamic studies, history, history of law, history of science, prehistory, and early history.

Deadline: 27 May 2020

PARTNERSHIP FOR CLEAN COMPETITION (PCC)

[Fellowship Program](#)

Supports qualified scientists who have completed a PhD program, demonstrating strong interest and potential for long-term contributions to anti-doping science (special interest of the fellowship 'The Research Track').

Deadline: Pre-applications by 1 July, 1 November 2020

THRASHER RESEARCH FUND

[Early Career Award Program](#)

The purpose of this program is to encourage the development of medical research in child health by awarding small grants to new researchers, helping them gain a foothold in this important area.

Deadline: Concept submission by 17 March, 15 September 2020 (noon Mountain time)

CANCER RESEARCH INSTITUTE (CRI)

[Postdoctoral fellowships](#)

CRI invites postdoctoral fellows working in both fundamental immunology and tumor immunology to apply for funding. Fellows work and continue their training under the guidance of a world-renowned immunologist, who mentors the fellow and prepares him or her for a productive and successful career in cancer immunology.

Deadline: 1 April, 1 October 2020 (If a deadline falls on a Saturday or Sunday, applications are due the following Monday).

NCL FOUNDATION

[NCL Research Award](#)

In order to find a cure for Juvenile Neuronal Ceroid Lipofuscinosis, scientists from all over the world are encouraged to submit their projects, especially those from related fields like Alzheimer's, ageing and lysosomal storage diseases.

Deadline: Letters of intent can be submitted anytime (follow the instruction for the pre-application as indicated at the link).

ARAB FUND FOR ECONOMIC AND SOCIAL DEVELOPMENT

[Fellowships Program](#)

The program is intended to build bridges and achieve mutual benefits between Arab and foreign universities and facilitate the transfer of knowledge and technology to the Arab countries. Fellowships are open to Arab nationals who are currently working at a university in any of the member countries of the Arab Fund.

Deadline: Applications must be submitted and completed at least one year prior to the expected starting date. Any application received after 1 January will be considered for the next cycle.

Travel/Conferences

MUSCULAR DYSTROPHY ASSOCIATION (MDA)

[Conference Grants](#)

MDA supports conferences, meetings and workshops that facilitate the exchange of scientific ideas and crucial information relevant to diseases covered under the MDA umbrella.

Deadline: Conference grants are accepted on a rolling basis throughout the calendar year. Applications must be submitted at least three months in advance of the meeting.

JUVENILE DIABETES RESEARCH FOUNDATION (JDRF)

[Conference Grant](#)

Proposals for the support of scientific meetings, conferences and workshops relevant to the JDRF mission.

Deadline: Applications for conference support are reviewed on a quarterly basis. Applications are due the quarter prior to the meeting/workshop.

PARKINSON'S FOUNDATION

[Conference Awards](#)

This award supports the gathering of experts in the field working to address unsolved clinical or basic science problems relevant to Parkinson's disease.

Deadline: The application period is open year-round. Applications are accepted anytime but must be submitted at least 90 days prior to the proposed conference start date.

CHILDREN WITH CANCER UK

[Grants for the Support of Conferences and Meetings](#)

This financial support is for events taking place both in the UK and overseas. Events taking place overseas must be international in nature and include collaborators from within the UK (although the organizers may be outside the UK).

Deadline: This funding stream is open throughout the year. Applications where the proposed meeting is less than three months from the submission date will not be accepted.

Research and Grant Training Resources

ELSEVIER RESEARCHER ACADEMY

[Successful research grant applications – getting it right](#)

In this interactive module, we highlight points to keep in mind when preparing your application. We explain how to evaluate your idea and what to consider when identifying grant opportunities. We help you understand what funding bodies look for and share useful tips on preparing your application.

Deadline: The course is self-paced online, and there is no deadline

YALI

[Fundamentals of Grant Writing](#)

This course reviews the basic steps in drafting a grant proposal for funding, including planning, researching and writing a grant as well as best practices for following up with potential funders. The course outlines the different types of funders, what a grant seeker should consider when developing a project idea and how it could be funded, understanding how a proposal will be reviewed and the financial concerns of funders, what typical elements are included in a grant proposal, and managing the relationship with a funder, whether the proposal was successful or rejected.

Deadline: The course is self-paced online, and there is no deadline

FUTURE LEARN

[Discovering Your PhD Potential: Writing a Research Proposal](#)

This online course will give you the awareness, skills and tools to write a well thought-out and achievable research proposal, helping you improve the quality of your postgraduate applications. It will also give you a taste of the self-study required in postgraduate doctoral research. The course focuses on Social Sciences, Arts and Humanities, but much of the content is relevant to all disciplines.

Deadline: The course is self-paced online, and there is no deadline
